

NEEL KAMAL

M.A. LIBERAL STUDIES (2021-2023)

- Selected for PhD programme at IIT, Mandi

The M.A. in Liberal Studies (MALS) promotes an interdisciplinary approach to learning. The flexibility offered by the course allows one to develop skills that are not restricted to a specific profession or discipline. At the same time, it offers great career opportunities across all the major fields. I benefited immensely from the course under the unconventional and innovative tutelage of the faculty members at GBPSSI.
